

Sales Agreement/Health Guarantee

We are so happy you have decided on a Sugarland puppy. We have raised this puppy inside our home with tender loving care. We would never knowingly sell our babies to a broker, pet store, or puppy mill.

This puppy is a _____ (male or female).

Parents are _____ X _____.

Born _____. Discount of _____.

Puppy is being sold for _____ with AKC limited or full. Puppy going home on _____.

This puppy comes with a three-day, full-refund health guarantee. We ask buyers to have your puppy examined by your vet within three days of leaving our home. Should your vet find a life threatening illness or genetic defect, buyer is to call us immediately and provide us with the vet findings. If it is confirmed by our vet to be an illness or genetic defect, please return puppy ASAP (with all paperwork) for full purchase price refund or puppy exchange (buyer's choice). Sugarland is not responsible for any vet bills acquired after puppy leaves our home. Buyer is responsible for fees to get puppy back to us.

Things we cannot guarantee: size, color, temperament, show ability, breeding ability.

Puppies get things sometimes, no matter how well cared for they are. This is a list of things we do not guarantee and do warrant a puppy exchange: coccidia, giardia, fleas, ticks, ear mites, cherry eye, biting, chewing, allergies, whether family members bond with puppy. (We will always take any dog back.)

This puppy comes with a two-year genetic guarantee if kept on the NuVet vitamins. This is a requirement for the two-year guarantee. Should your puppy be diagnosed by your vet with a life-threatening genetic defect before the age of two years, buyer is to contact us and provide the findings. We will take the findings to our vet. If it confirmed a genetic defect, we will offer buyer a puppy replacement (only) of equal quality. If buyer chooses a puppy of higher price, buyer is required to pay the difference. Buyer gets to keep their original puppy. We would never expect you to bring your dog back. If this puppy is bred before two years old, this guarantee is void!

We put our heart and soul into our dogs and we ask that if, for any reason, you can't keep your puppy, you return him or her to us so that way can either keep it or find a wonderful home for him or her. We ask that no puppy of ours ever be sold on Craigslist, given away, or sold to strangers.
